**JHON FELIPE URREGO MEJIA**

has successfully completed the online, non-credit Specialization

# Excel to MySQL: Analytic Techniques for Business

Formulate data questions, explore and visualize large datasets, and inform strategic decisions. In this Specialization, you'll learn to frame business challenges as data questions. You'll use powerful tools and methods such as Excel, Tableau, and MySQL to analyze data, create forecasts and models, design visualizations, and communicate your insights. In the final Capstone Project, you'll apply your skills to explore and justify improvements to a real-world business process.

Daniel Egger, Executive  
in Residence and  
Director, Center for  
Quantitative Modeling,  
Pratt School of  
Engineering  
Jana Schaich, Assistant  
Research Professor,  
Social Science Research  
Institute

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
