Aug 24, 2026

JHON FELIPE URREGO MEJIA

has successfully completed the online Specialization

Credit, Market & Liquidity Risk

In this Specialization, learners developed advanced skills in financial risk management, including credit risk, market risk, liquidity risk, treasury strategy, Value at Risk, Expected Shortfall, counterparty exposure, CVA, securitization, and portfolio risk analysis. Learners strengthened their ability to apply risk models, stress testing methods, and investment risk frameworks to real-world banking and financial market scenarios. They also completed applied projects to demonstrate practical decision-making skills in modern risk management.

Credit Risk
Management Specialist

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
