Microsoft

Microsoft 365 and Agent Administration

Now that you have completed Microsoft 365 and Agent Administration Professional Certificate, you stand out with a unique set of skills and knowledge in Microsoft 365 administration. Throughout this program, you gained proficiency in configuring core M365 services, implementing Zero-Trust identity and security policies, and managing data governance and compliance workflows via Microsoft Purview. Additionally, you demonstrated the ability to deploy and oversee Microsoft Copilot licenses and Power Platform agents. This comprehensive training provides the practical, hands-on skills necessary for effective tenant administration and cloud service management in a professional enterprise environment. We recognize your achievement as a testament to the dedication and technical capability required.
