JHON FELIPE URREGO MEJIA

has successfully completed the online Professional Certificate

Microsoft Agentic AI Business Solutions Architect AB-100

Now that you have completed the Microsoft Agentic AI Business Solutions Architect Professional Certificate, you stand out with expert skills in enterprise agentic AI solution architecture. This certificate demonstrates your job readiness and can be shared with your professional network. Throughout this program, you've engaged with instructional videos, assessments, and hands-on architecture projects, gaining applied proficiency across the full Microsoft AI platform, including: designing multi-agent systems using Copilot Studio, Microsoft Foundry, Dynamics 365, and Microsoft 365 Copilot; applying ALM, security, and responsible AI frameworks to production agentic AI deployments; and producing portfolio-ready architecture documents that demonstrate end-to-end solution design competency.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
